Notice about the Third Pb&Zn New Technology & Equipment Summit --- New Innovation of Pb&Zn Smelting Technology Seminar

To whom it may concern,

The global economic crisis affected China lead and zinc industry in the aspects of industry structure adjustment, technology innovation promotion, optimization of industry structure and improvement of industry clustering. Current Pb&Zn smelting technology and comprehensive environmental treatment of China are facing new challenges. In order to facilitate the implementation of new requirements, new objectives and new tasks for China lead and zinc industry raised by 'The Stimulating Plan of Nonferrous Metals Industry Readjustment', China Nonferrous Metals Industry Association (CNIA) decides to hold the Third Pb&Zn New Technology & Equipment Summit in Hunan Changsha during August 18 to August 22 of 2009. It is expected that this forum could help in promoting a harmonious development of the industry and enhancing the technology innovation and international communication.

i. Main Content

- 1) World Pb&Zn smelting process experts are invited to analyze current technology development, process advantages, future development and innovation.
- 2) How to facilitate R&D and application of new technology, new process and new equipment will be discussed as well as how China Pb&Zn industry should handle the financial crisis.
- 3) Comprehensive resources utilization and environment advantage of Pb&Zn smelting complex.
- 4) Treatment of low quality sulfuric acid and arsenic generated from Pb&Zn smelting process.
- 5) Discussion on circular economy of Pb&Zn industry

ii. Agenda

- 1) Registration: August 18, 2009
- 2) Seminar: August 19, 2009
- 3) Site visits: August 20 to 21, 2009
- 4) (Zhuzhou Smelting Group, Zhuzhou Torch Industrial Furnace Company Ltd., Chenzhou Yongxing Metal Production Base, Chenzhou Yuteng Nonferrous Metals Smelting Co., Ltd.)
- 5) Closing ceremony: August 22, 2009

iii. Venue

Changsha – Huatian Hotel
(NO300, Jiefangdonglu Changsha, Hunan, Tel: 86-731-84442888,
self-bearing accommodation)

iv. Contact of the Organizing Committee

Guo Haijun:

Tel: 86-10-63971907, 86-13910765153 Fax: 86-10-63971733

Zhou Xianmin:

Tel: 86-10-63971849, 86-15901212856, Fax: 86-63971824

E-mail : Chinakj2005@163.com

Please return the registration form to the Organization Committee by fax before August 14, 2009. We will arrange the accommodation as request.

Appendix 1: Agenda and Content

Appendix 2: Registration Fee and Registration Form

Appendix 1:

Agenda and Content

1. August 18, 2009: Registration

2. August 19, 2009: Presentations

Morning session: Innovation of new lead smelting technology

- 1) New Pb&Zn mining and dressing technology
- 2) Pb&Zn industry development driven by new energy-saving technology
- 3) Technology advantage of Pb&Zn smelting complex
- 4) New process and new technology of oxygen side-blowing
- 5) New hydrometallurgical lead smelting process introduction and the prospective
- 6) Direct lead smelting technology of liquid high lead slag
- 7) Treatment of low quality sulfuric acid and arsenic generated from Pb&Zn smelting process

Afternoon session: Application of Pb&Zn smelting technology and case study

- 6) Pressurized direct oxygenated leaching process of Zinc sulfide concentrate
- 7) Zhuzhou Smelter normal pressure oxygen-rich direct leaching technology of zinc smelting
- 8) hydrometallurgical smelting technology of refractory zinc oxide ore
- 9) Outotec zinc concentrate normal pressure leaching, deep purified liquor and large zinc plate smelting technology
- 10) Heavy metal pollution and environment management of Pb&Zn smelting industry

Discussion: China new equipment and smelting technology introduction and Q&A

3. August 20 ~ 21, 2009: site visits and discussion

- 1) Zhuzhou Smelting Group normal pressure oxygen-rich direct leaching technology of zinc smelting
- 2) Zhuzhou Torch Industrial Furnace Company Ltd. Equipments production base
- 3) Chenzhou Yongxing Metal Production Base
- 4) Chenzhou Yuteng Nonferrous Metals Smelting Co., Ltd. comprehensive recovery base

4. August 22, 2009: Closing of the conference

Appendix 2:

Registration Form and Attending Fee

Registration fee:

Equipment provider:

RMB5,000/person (Chinese company)

USD1,200/person (non Chinese company)

Others:

RMB2,200/person (Chinese company)

USD500/person (non Chinese company)

Registration Form

Company					
Contact Person		Address		Post Code	
Attendees					
Name	Position	Mobile	Tel	Fax	E-mail
Accommodation	From _____ to _____ () days		Do you want to attend the site visit tour?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
Room requirement	<input type="checkbox"/> RMB300/night, standard single and twin beds <input type="checkbox"/> RMB600/night, standard suite				
Note: 1. The Organizing Committee could make the booking for attendees. The room rate is subject to change. 2. Non Chinese could pay the registration fee on site. 3. Please fax the registration form to us before August 14, 2009 4. If you need any help, please feel free to contact us.					

TT transfer route:

Receiver: 《中国有色金属》杂志社

Opening bank: 建行北京金安支行

A/C Number: 11001029200056023113
